Testimonials

“We were able to turn the store room into extra guest seating thanks to the introduction of the crusher.”

Bathers Pavilion, Sydney, NSW

“For us it's perfect. Staff were continually moving the rubbish from the bar to the back of house and then downstairs, about every half hour. With BottleCycler, we just take 2 bins down per night. This has freed staff up to keep the club clean and concentrate on looking after patrons. It's quiet, easy to use, we're having less injuries caused by staff being cut by broken glass and we are pleased to be recycling efficiently.”

One Six One, Melbourne, VIC

“We are situated in a residential area and by eliminating the noise of bottle collection we were able to counter a lot of complaints.”

Engadine Bowling Club, Sydney, NSW

“Reliable, always available, quick response time, good to deal with and willing to cater to our needs. BottleCycler has made a difference and is a great addition to the overall maintenance and running of the club.”

The Market, Melbourne, VIC

“It's very important to look after the environment and being a green hotel, it's very important to Marriott that we recycle our waste glass efficiently. We have already seen the benefits of the glass pick up service and are pleased to be releasing so much less noise into our local area.”
